

DOMICILIARY CARE AGENCIES

Domiciliary Agencies
operating in
GLOUCESTER

This list is normally updated weekly. If you are sending out a copy to an enquirer, please do not send out an old one. The latest version can always be viewed on:
www.guide-information.org.uk

This is a copy of the
list last updated on:

14th. May 2010

Domiciliary Care is help which is provided in people's own homes. Gloucestershire Community and Adult Care Directorate provides its own home care services, but it also purchases care from independent domiciliary care providers.

The Care Quality Commission (CQC) in Gloucestershire is responsible for registering domiciliary care agencies, including Social Services' home care service. The CQC is an independent, non-governmental public body and it is now a legal requirement that all domiciliary care providers register with the CQC, who will regularly inspect agencies against the national minimum standards for domiciliary care. Failure to meet the standards could result in closure of the business.

To the best of our knowledge, the personal care providers shown on this list have all been accredited by the CQC, but it must be stressed that inclusion in the list does not mean that they are endorsed by Gloucestershire County Council, and the individual remains responsible for checking the accreditation is valid before engaging personal care.

Social Services' home care has also applied for registration, but it is not in this list of providers. This is because, unlike the private and voluntary sectors, the local authority service cannot be bought privately.

This list also includes some local agencies that provide only domestic help (eg cleaning, shopping, laundry), but not personal care. These agencies do not have to be registered with the CQC.

For further details of the CQC, contact: 03000-616161 or enquiries@cqc.org.uk.
